

The California Work & Family Coalition invites you to a community event:

# Unfinished Business Los Angeles

## History and Next Steps for California's Paid Family Leave Law

In their new book, *Unfinished Business*, Eileen Appelbaum and Ruth Milkman document the history and impact of California's paid family leave program, the first of its kind in the United States, which began in 2004. We will also hear from Los Angeles community members who are working locally and statewide to expand awareness and our rights to take paid family leave.
